PROFILE

I am a media production graduate who is keen to find a position in website design/development, creatively minded with the required technical knowledge to support it. I am able to work on my own initiative or as part of a team and am a quick learner who is versatile in a variable work environment.

WORK EXPERIENCE

Website Services, Mickleton, Gloucestershire Web/Graphic Designer and IT Assistant

Combining 3D and Flash to create full motion banners and product movies,
Creating and redesigning a number of company maintained websites,
Making sure they comply with web standards, improving usability using PHP
and CSS. As well as general web maintenance and IT duties.

2006 - Present

AlphaQuad Internet Solutions, Bidford-on-Avon, Warwickshire General Web Assistant

Working as part of a team responsible for a high standard of presentation of
large websites for high profile clients and ensuring the sites were kept up-to-date.
I was also in charge of general upkeep of the office and preparation for
conferences and assisting in the production of web video projects

2005

Currys Superstore, Redditch Warehouse Assistant, Back-up Warehouse Supervisor

In charge of stock in-take, stock checking, stock ordering and general upkeep
of the warehouse as well as part-time sales.

2001 - 2003

INDEPENDENT EXPERIENCE

Information video for Recotherm Ltd.

I was commissioned to create a video demonstrating how one of their
installed systems operate onsite. This video now forms an integral part of
Recotherm's online advertising campaign.

2005

Ongoing development of MMORPG Game

Aiding in the development of a Massively Multiplayer Online Role Playing Game,
creating graphics, web content and interactive demonstrations.

2006 - Present

KEY SKILLS AND PERSONAL QUALITIES

Ability to work in a team and consideration for others: Working as a team to meet website development deadlines as a web assistant and in media projects throughout university, I have displayed the ability to be an active and highly motivated member of any team I am involved in.

Good technical knowledge and a willingness to learn: I have a great understanding of all forms of technology and am very proficient with computers. I am also a firm believer in constantly expanding my knowledge and have always had a great enthusiasm for learning new things.

Good creative skills and inspirational: I have a keen interest in all areas of art. I especially like the medium of interactive media, however, because of the versatility and virtually limitless capability of expression. I enjoy designing and creating media work and put a lot of attention into all aspects of the work I do.

ADDITIONAL SKILLS

- I.T. literate, Experience with specialist packages such as Macromedia Flash, Dreamweaver, Adobe Photoshop, After Effects, Avid Xpress and 3ds Max.
- Experienced in programming languages HTML, CSS, ActionScript, JavaScript and knowledge of PHP.
- Clean driving license

INTERESTS

- Interest in and extensive knowledge of a wide range of films.
- General computer usage, using multimedia packages and using the internet.
- Keen interest in a range of music and art.
- Playing sport and keeping fit.
